## GENERAL INFORMATION

The Universidade Federal do Amazonas (Ufam) it's a public institution of higher learning that offers, through teaching, research and extension, graduation and post-graduation courses.

**Company Name:** Fundação Universidade do Amazonas

**Legal Nature:** Federal Foundation

**Ministerial Contractual Tie:** Executive Power Ministry of Education

**Address:** Rodrigo Otávio Avenue, 6200 –Senador Arthur Virgílio Filho University Campus- Coroado I – Zip Code 69.077-000

**Electronic Address:** portal.ufam.edu.br

**Created by:** Law number 4.069-A, of June 12, 1962, Decree 53.699, of March 13, 1964.

**Opening hours:** Daytime and Nighttime

**Maintenance Entity:** Fundação Universidade do Amazonas

**Bylaw:** Settlement CONSUNI number 003/2003 of March 25, 2003, published in Diário Oficial do Estado at April 28, 2003.

## MISSION

To produce and disseminate knowledge, with academic excellence, in the various areas of knowledge through teaching, research and extension, contributing to the formation of citizens and for the development of the Amazon.

## UN POCO DE LA HISTORIA

The history of Ufam begins in January 17, 1909, with the foundation of Escola Universitária Livre de Manaus integrated by Sciences and Letter School, Law and Social Sciences School, Medicine, Pharmacy, Dentistry and Midwife course.

At October 22, 1913, the Escola changed its name to Universidade de Manaus, remaining so until 1926. With the fall of economic rubber cycle, the city got empty and the population experienced a long time period of uncertainty and needs. And so, at 1926 the Universidade stopped its activities, remaining of it only some isolated unities. Only the Law course remained, being maintained by Federal Government from 1949.

At June 12, 1962, was created the Fundação Universidade do Amazonas, through the Federal Law of number 4069-A, of authorship of Senator Arthur Virgílio Filho. However, it was only at January 17, 1965, its installation was opened, in memory of former Escola Universitária Livre de Manaus. For 37 years the Universidade remained with the initials "UA".

With the Law number 10.468, of June 20, 2002, the institution received the nomenclature of Universidade Federal do Amazonas, using from this moment the initials "Ufam".

## STRUCTURE

### ADMINISTRATIVE

- Highest Deliberation Bodies, Rectory, Vice-Rectory, Assistant Rectories e Additional Bodies.

### ACADEMIC STRUCTURE

- 118 undergraduate courses
- 15 Academic Units make the Campus of Capital Manaus

### UNITS AND COURSES

- Agronomy
- Food Engineering
- Forest Engineering
- Fishy Engineering
- Zootehnicos

- Architecture and Urbanism
- Computer Science
- Design
- Civil Engineering
- Computer Engineering
- Materials Engineering
- Oil and Gas Engineering
- Production Engineering
- Electrical- Electronic Engineering
- Telecommunications Engineering
- Mechanical Engineering
- Chemistry Engineering
- Statistics
- Physics
- Mathematics
- Geology
- Chemistry
- Applied Mathematics
- Information Systems

## **BIOLOGICAL SCIENCE AREA**

- Biotechnology
- Biological Science
- Natural Science
- Physical Education
- Nursing
- Physiotherapy
- Medicine
- Odontology
- Pharmacy

## **HUMANS SCIENCES**

- Business Administration
- Archives
- Visual Arts
- Library
- Accountancy
- Economics
- Social Sciences
- Public Relations
- Journalism
- Law
- Philosophy
- Geography
- History
- Brazilian Sign Language - Libras
- Spanish Language and Literature
- French Language and Literature
- English Language and Literature
- Japanese Language and Literature
- Music
- Pedagogy
- Psychology
- Social Service

## **ACADEMIC UNITS IN AMAZONA'S COUNTRYSIDE**

Through campi strategically located in channels of Solimões, Negro, Amazonas and Madeira Rivers.

## **CULTURE AND NATURE INSTITUTE - CAMPUS BENJAMIN CONSTANT**

- Business Administration
- Anthropology
- Agrarian and Environmental Sciences
- Sciences: Biology and Chemistry
- Portuguese Language
- Spanish Language
- Pedagogy

### BIOTECHNOLOGY AND HEALTH INSTITUTE - CAMPUS COARI

- Biotechnology
- Sciences: Biology and Chemistry
- Sciences: Mathematics and Physics
- Nursing
- Physiotherapy
- Nutrition

### EXACT SCIENCES AND TECHNOLOGY INSTITUTE - CAMPUS ITACOTIARA

- Agronomy
- Pharmacy
- Sciences: Biology and Chemistry
- Sciences: Mathematics and Physics
- Software Engineering
- Sanitary Engineering
- Production Engineering
- Industrial Chemistry
- Information Systems

### SOCIAL SCIENCES, EDUCATION AND ZOOTECNICS - CAMPUS PARINTINS

- Business Administration
- Visual Arts
- Journalism
- Physical Education
- Pedagogy
- Social Service
- Zootecnia

### ENVIRONMENT AND AGRICULTURE INSTITUTE - CAMPUS HUMAITÁ

- Biotechnology
- Sciences: Biology and Chemistry
- Sciences: Mathematics and Physics
- Environmental Engineering
- Portuguese Language
- English Language
- Pedagogy

## GRADUATION

### STRICTO SENSU

- 34 Academic Master's Degree
- 02 Professional Master's Degree
- 01 Master's Degree in Association
- 12 Doctoral Degrees
- 01 Doctoral Degree in Network

### RESEARCH

250 research groups in the areas of Agricultural Sciences, Biological, Exact, Social and Applied, Engineering, Linguistics, Literature and Arts.

### SUPPORT CENTERS FOR RESEARCH AND TEACHING

- Center for Environmental Sciences
- Multidisciplinary Center Support
- Centre for R & D in Electronics and Information Technology
- Center for Energy Development Amazon
- Central Library
- Central Animal
- Multidisciplinary Center Support
- Arts Centre
- Center for Environmental Sciences
- Centre for Enterprise Development and Technology
- Centre for Distance Education
- Experimental Farm
- University Hospital Getúlio Vargas
- Amazon Museum

### INTELLECTUAL PROPERTY IN UFAM

- 43 Trademarks
- 03 Unity Models
- 03 Industrial Designs
- 15 Brands
- 20 Computer Programs

## PRESERVATION AND ARCHITECTURE

With 6,7 million square meters area, the Ufam University Campus is the World's third biggest green fragment in urban area and the first in Brazil. Such astonishing forest shelters many species of Amazonian fauna (sloths, pacas, collar monkeys) and flora.

Was in the middle of all this Green area that the architecture Severiano Mário Porto was inspired to develop the architecture project of University Campus. Conceived in order to integrate both forest and Campus, the buildings were made with big green spaces between them and horizontally distributed, being connected through long interlink corridors. All the buildings were covered with a specific type of sun insulating for reduce the inner heat.

For the architecture project of University Campus Severiano Mário Porto was awarded with a mention of honor in 1987, from the Brazilian Architect Institute (IAB/RJ). Aiming to preserve the forest area, from 2010, the new facilities adopted the building concept of verticalisation.
