

THE PROPESP/UFAM DEPARTMENTS AND THEIR ATTRIBUTIONS

Post-Graduation Monitoring and Evaluation Department (DAV)

- Evaluates the creation of Lato Sensu Postgraduate Courses, guiding and stimulating new Specialization Courses;
- Accompanies and guides the Stricto Sensu Postgraduate Programs and stimulates the creation of new courses at Master and Doctorate level;
- Follows the activities of the Academic Coordination and
- Develops other related activities.

Research Department (DP)

- Manages the Scientific Initiation Program, preparing a public notice and organizing a Scientific Initiation Congress;
- Prospects opportunities to promote research;
- Follows the activities of the Project Coordination;
- Institutionalizes UFAM's Research Projects;
- Performs the registration of certification of Research Groups with the CNPq.

Institutional Programs Departments (DPI)

- Stimulate the realization of Interinstitutional Programs in support of Research and Post-Graduation and Qualification of UFAM Servers (Stricto e Lato Sensu);
- Follow the activities of the Coordination Offices under its responsibility (Administrative and Financial Coordination);
- Stimulate the accomplishment of interdisciplinary and interdepartmental programs;
- Enforce, in the Research and Post-Graduate area, the decisions of the Research and Post-Graduate Chamber
- CPPG and PROPESP regarding the financial execution of the sector;
- Enable the institutionalization of Publication and Research Incentive Calls and Programs.

PRESENTATION

The **Pro-Rector of Research and Post-Graduation (PROPESP)** is responsible for planning, coordinating, monitoring and evaluating Research and Post-Graduation activities, in cooperation with its Departments, in compliance with the policies and institutional guidelines of the Federal University of Amazonas (UFAM).

With the full implementation of the Program for Support to Consolidation and Quality Advancement of the Post-Graduate Studies at UFAM (PA-CPG/UFAM), since 2017 PROPESP has as its main objective the consolidation of Post-Graduate Studies Programs, with strategic planning to raise the grades and, at the same time, boost the internationalization of PPGs.

UFAM has 31 Master's Degree Courses, 4 Master's Degree Courses and 14 Doctorate Courses. It participates in 7 Network Programs (regional and national) and 3 Programs in Association with other Institutions. In the Policy of Formation of Teachers and Administrative Technicians in Education (TAE) of UFAM provided: 6 (six) classes of Interinstitutional Doctorate (DINTER), 1 (one) of Interinstitutional Master (MINTER), the opening of 2 (two) classes for formation of TAEs with Master in Production Engineering, besides 2 (two) Courses in Specialization in Public Administration, taking opportunity of the professional qualification to more than 150 (one hundred and fifty) servants of the institution between July/2017 and December/2019.
